No Works Proposed		Athy	Kilbern, Nurney	Supply of extra street lighting long this road	No Public Lighting proposed at this location as the installation of street lighting to illuminate such rural settlements is not economically or environmentally sustainable, would compromise the physical, environmental, natural and heritage resources of the county. The provision of street lighting at this location would have a negative impact on the rural character of the local landscape		
		Athy	Annalock, Ragoonbeak, Athy	Public lighting along stretch of road	No Public Lighting proposed at this location as the installation of street lighting to illuminate such rural settlements is not economically or environmentally sustainable, would compromise the physical, environmental, natural and heritage resources of the county. The provision of street lighting at this location would have a negative impact on the rural character of the local landscape		
		Naas	Gingertown , Caragh	Residents have requested new lights on the road (Rural Street Lights)	No Public Lighting proposed at this location as the installation of street lighting to illuminate such rural settlements is not economically or environmentally sustainable, would compromise the physical, environmental, natural and heritage resources of the county. The provision of street lighting at this location would have a negative impact on the rural character of the local landscape		
		Kil / New	Allenwood to Kilmegaue	New public Lighting Request	No Public Lighting proposed at this location as the installation of street lighting to illuminate such rural settlements is not economically or environmentally sustainable, would compromise the physical, environmental, natural and heritage resources of the county. The provision of street lighting at this location would have a negative impact on the rural character of the local landscape		
		Cel / Leix	Celbridge Bridge	Can the council or relevant authorities consider putting decorative lighting in place on the side of the bridge in Celbridge	Public Lighting Section does not propose to install decorative lighting on the bridge in Celbridge. This request could be considered as part of any future bridge improvement works		
		Cel / Leix	Corner of English Row/Church Road and Clane Road	Light on Grotto in Celbridge	The request does not comply with KLIPS scoring criteria. As a result, public lighting will not be installing any lighting at this location.		
		Cel/Leix	Celbridge Bridge ,	Street lights required to light bridge	Public Lighting does not propose to carry out any works at this time as public lighting upgrade will form part of the proposed works to the bridge in Celbridge.		

NOTE : Green Road, Newbridge

This is a project which will require a full technical assessment to determine feasibility of the scheme including land acquisition, civil works and a full costing

Kildare Lighting Infrastructure Priority Schedule (KLIPS)
